SOLUTIONS for
Stadiums and arenas

App8

Skip the lines and don't miss a play

Transform your fans' experience: more excitement, less waiting.

In the fast-paced world of stadiums and arenas, staying ahead of the curve is crucial for success. The App8 platform is your comprehensive solution, designed to enhance fan experiences, streamline operations, and maximize revenue. Adding automation and integration between pre-ordering and game day ordering reduces pain points for operators and improves the ability to capture additional revenue. We are now in a new era of efficiency, connectivity, and unparalleled success.

Technology that delivers a game-winning event experience

App8 transforms live event experiences by seamlessly integrating technology into the hands of fans. With App8, technology takes center stage, delivering game-winning experiences that redefine convenience, engagement, and satisfaction for every attendee.

Effortless Mobile Ordering: Reduce wait times, minimize congestion, and provide fans with a seamless, hassle-free experience—all from the convenience of their smartphones.

VIP Suite and Loge Services: Enhance the VIP experience by offering personalized catering options and exclusivity that keeps high-profile clients coming.

Consolidated Ordering: Enable fans to order from multiple outlets in one transaction, reducing bottlenecks at specific food stalls and optimizing your venue's overall workflow.

Special Offers and Loyalty Programs: Reward loyal fans, encourage repeat business, and drive revenue through targeted offers.

Revenue Maximization: From increased concession sales to premium suite bookings, the App8 solution opens up new avenues for income, ensuring financial success for your venue.

Streamlined Operations: Reduce congestion, optimize staffing levels based on real-time data, and ensure a smooth flow of services, allowing your staff to focus on delivering exceptional service.

Everyone scores with App8

App8 is a leading omnichannel ordering solution for foodservice brands that enables guests to view digital menus, order dine-in, pickup, or delivery, and pay for their meals, all from their own smartphones. App8 works with some of the top restaurant and entertainment brands in North America to deliver value beyond contactless transactions with guest feedback, advanced reporting, and actionable insights.
